

**REMARKS**

As a part of their July 2, 2009 response to §103 rejections, the Applicants submitted the Declarations of each of the inventors in the instant application and supporting invention disclosure documentation attesting to the conception by the inventors prior to the effective filing date of Amin and due diligence from such conception date up until a constructive reduction practice of the claimed inventions.

Thereafter, the Applicants' attorney realized that one of the Declarations, to James A. Johanson, was erroneously submitted unsigned. Accordingly, attached is the signed version of Mr. Johanson's Declaration. The signed version also contains a revised paragraph 5.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact John E. Curtin at the telephone number listed below.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 50-3777 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17; particularly, extension of time fees.

Respectfully submitted,

**CAPITOL PATENT & TRADEMARK LAW FIRM, PLLC.**
